

Trainee Assessment Information

AURVTP002 Carry out masking procedures

This unit requires you to successfully apply masking materials in preparation for vehicle and component painting.

Knowledge assessment must be completed successfully before additional assessment tasks are undertaken. These additional tasks will need to be completed before an assessor can determine you as competent for this unit.

KNOWLEDGE ASSESSMENT

Task 1 You are required to complete the online knowledge assessment for this unit of competency. To complete this task you will need to create an ASA Learning Hub account by visiting www.asalearninghub.com.au then search for the assessment by using the unit code and/or title: ***AURVTP002 Carry out masking procedures***

After you have successfully completed the knowledge assessment you will receive a certificate with unique code that you must present to your assessor.

30 questions will be asked that require you to achieve a 90% pass mark. It is not expected to take more than 45 min to complete this task.

DEMONSTRATION ASSESSMENT

The following resources will be made available:

- automotive refinishing workplace location or simulated workplace
- PPE for masking processes
- vehicle requiring masking
- workplace instructions
- masking materials and equipment
- work instruction

Apply on at least two occasions masking procedures using various masking tapes (crepe, PVC, door aperture and trim masking tapes), masking papers, mediums and templates.

Task 2

THIRD PARTY REPORT

A third party report is a report that may be used to collect additional evidence.

- Task 3** To complete this task see your assessor to access a blank copy of the report, your assessor will explain how this report should be completed.
